## Falcons Scalp Redskins 33-16; 'Jinx' Is Broken

### Bloodmobile Will Visit BG Campus Tomorrow

The first of two visits by the Red Cross Bloodmobile will be held in the rec hall Wednesday, Nov. 4. According to Dr. Mary Watt, associate professor of health and physical education and chairman of the blood campaign: "The Bloodmobile will be on campus from 11 a.m. to 5 p.m. Anyone between the ages of 18 and 60 may donate blood, but anyone under 21 must have a consent slip signed by his parents."

Donors are advised to eat a light snack a few hours before giving blood, but they are cautioned against eating greasy food. Sandwiches, fruit juices, and cookies will be provided for donors after they have made their contributions.

"Last spring we exceeded our quota, and I'm confident that we will again surpass our goal of 125 pints," Dr. Watt said. "I feel that more people would be willing to donate their blood if they were aware of the tremendous benefits that the Red Cross Blood Bank renders," she added. Free blood goes to the armed forces and to veterans, hospitals, and to any person on the University staff, faculty, or student body for only a \$2.50 administration charge set up at all hospitals. Normally, blood costs approximately \$50 per pint. Free blood is available to anyone who resides in a community that has a Red Cross blood bank.

The tremendous need for blood is illustrated by the fact that 86,000 pints were used last year in the Cleveland district, which includes Bowling Green. Wood County alone used 1,181 pints. "Without the advantage of free blood from the blood bank, it would have cost the users \$58,000," Dr. Watt concluded.

Campus organizations helping to make the drive a success are: Omega Phi Alpha, women's service society; Alpha Phi Omega, men's service fraternity; and members of Square and Compass.

### PRs Fight War With TU Nov. 13

BG goes to war with TU! Members of Pershing Rifles will stage a mock battle with the University of Toledo PRs Nov. 13. The attack, including all members and pledges of Pershing Rifles, will be an overnight event with the two forces utilizing their classroom training. The troops will march from Bowling Green Friday to the battlefield at Oak Openings State Park, and return Saturday afternoon.

The problem will be a lesson in battlefield survival. Participants will live on rations and sleep on the ground.

"Actual battle conditions will be simulated wherever possible," said Sergeant Donald Traynor, group adviser.

### Illness Forces Bodine To Leave Counseling

Dotty Bodine, a counselor under Miss Jackie Gribbons, head resident of Harmon Hall, recently left school because of an illness she contracted during the summer.

Her corridor counseling duties will be taken over by Harmon Hall's two roving counselors, Barbara Downey and Ann Scherry.

Miss Gribbons stated: "We hope Miss Bodine will return next semester, but we doubt she will resume her counseling because it seemed too much of a strain on her health."

### UAO To Sponsor 1st Education Night To Inform Members

"Education Night" for all members of the Union Activities Organization — faculty, administrators, and students — will be held at 6:30 p.m. Wednesday, Nov. 4, in the Grand Ballroom of the University Union.

This meeting, sponsored by the Training Committee, will give every UAO member information on the goals set for the 1959-1960 year. It will also explain the committee functions and will introduce the officers and leaders of the UAO.

Each committee chairman and department director briefly will explain his particular area. Then each committee will meet informally with its chairman in an assigned area of the Ballroom.

Ron O'Leary, president of the Union, stressed the importance of the meeting. He said that "Education Night" is planned so members will see the part their committee plays, and realize the full size and scope of the UAO.

### Greeks To Host Frosh Thursday

The Interfraternity Council will sponsor Information Night from 7 to 9 p.m. Thursday in the Grand Ballroom of the Union. This is the first such function planned by IFC, which hopes to make it an annual affair.

Through Information Night, IFC hopes to acquaint freshmen with Greek life at the University.

Each fraternity will be assigned freshmen to contact and invite to the affair. Booths will be constructed by the Greeks, and the freshmen will be allowed to circulate at will. A film made at the University of Florida shown last year at the National Interfraternity Conference, will be presented.

Lynn Yackee, Sigma Chi, chairman of the event, will introduce Wallace W. Taylor, Jr., dean of men, who will express his views on fraternities and life as a Greek.

Coffee and doughnuts will be served.

## Ralph Marterie Orchestra To Play For 1959 AWS Christmas Formal

By MARTA MERCY

"The Man with the Golden Horn," Ralph Marterie, will appear at the Christmas formal sponsored by the University Union in cooperation with the Association of Women Students. Tickets for the dance, to be held from 9 to 11 a.m. Dec. 5 will go on sale Nov. 17 at the Information Desk for one dollar per person. The dance is planned by the dance committees of the social departments of the UAO and AWS.

Billed as "Ralph Marterie and His Marlboro Men," the talented musician was named the number one college favorite in a poll conducted in 1956 by Downbeat Magazine and Cash Box. He has played at more school affairs and receives more college fan mail than any other orchestra leader.

In 1958 Marlboro picked Marterie to be their traveling "Ambassador of Good Will" for their personality-brand cigarettes. He not only had already been established as a college favorite, but he had 10 years experience behind him, recording with Mercury. Such Mercury albums include "One Night Stand," "Trumpeter's Lullaby," "Dancing on the Down Beat," "Marterie Moods," "On Bandstand No. 1," and others.

In the days of radio in Chicago, Marterie was a regular feature in the network broadcasts of such national favorites as Paul Whiteman, Percy Faith, Frank Black, and Roy Shields. But when he was called into the Navy, he was given the opportunity to lead his own band during World War II. Known as "Ralph Marterie and His Great Lakes Band," his organization was acclaimed the best service band in the country, after many successful shows at service installations and civilian bond rallies.

Famous not only as a recording

MARTERIE

artist of hit records, the trumpeter also has a talent for mixing dance beats with an international theme. Examples are "Caravan," "Skokian," and "Blue Mirage."

At the present time, Ralph Marterie is mixing the big band sound with his golden-throated trumpet in tunes such as "Wampum," and "Cleopatra's Dream."

In addition to the formal AWS is sponsoring State Day, to be held this Saturday, Nov. 7. Leaders representing 21 schools throughout Ohio, will participate in discussion groups and workshops to compare the governments among the various schools. Approximately 170 women leaders will participate in the event, President Ralph W. McDonald will speak on "Responsibilities of Leadership" at the morning assembly, while Robert McLean will welcome the leaders on behalf of the student body.

### Registration Totals 2,173 Automobiles

Approximately 1,500 students have automobiles registered this semester, according to Raymond C. Whittaker, ass't. dean of students.

Faculty members and employees of the University make up 673 additional auto registrations. The total number of registrations is about equal to that of last year, added Mr. Whittaker.

### Application Blanks Are Distributed For Housing

Applications for on-campus housing accommodations for the second semester, 1959-1960, have been sent by the University Housing Office to all students presently living in residence halls, announced James C. Grimm, director of Residence Services. Applications must be filled out completely and accompanied by a \$10 room reservation charge.

Mr. Grimm stated the Housing Office will begin to take these applications on November 9. Each individual residence hall will receive a schedule as to when the Housing Office representative will be in their building to take applications.

"It is important that all students wishing to live on-campus for the second semester, 1959-1960, make their applications and room reservation charges as early as possible in order to avoid the last minute rush, and to be assured of on-campus accommodations," stated Mr. Grimm.

Mr. Grimm added that this past fall 150 students were refused admission to the University because there were no accommodations for them.

ON TOP OF THE WORLD—or so it seemed to Coach Doyt Perry as he was carried from the field Saturday after seeing his charges soundly defeat the arch-rival Miami Redskins. For Perry, as well as for members of the 1959 Falcon football team, this game will be remembered as one

of those "once-in-a-lifetime" thrills that make the long hours of practice seem worthwhile. Following the game Perry had many words of praise for standout Bernal Casey but made it well-known that the victory was a "real team effort" all the way. Photo by Ryan

### Omicron Delta Kappa Conference Response Is Called 'Best Ever'

"The Role of Extra-Curricular Activities" will be the topic of discussion at the annual Omicron Delta Kappa Leadership Conference, Nov. 7, at the Findlay Elks Club. Included in the discussion will be the proper use of extra-curricular activities and how they can help the student.

Cap and Gown is assisting Omicron Delta Kappa in making arrangements for the conference.

According to Herm Kobay, chairman, the over-all response of students to the Leadership Conference is the best ever.

To facilitate planning, Kobay wishes to remind those who were invited to attend the conference to send him a reply card stating whether or not they intend to be present.

Transportation to the Leadership Conference will be provided by faculty members.

### Section 2B Critical To Steel Settlement

By BOB SCHIESEL

Section 2B of the proposed new steel contract is the major area of disagreement in the crippling 112-day-old steel strike. This was the feeling expressed by representatives of both labor and management when they presented their views on the nation's number one problem before a meeting of the Society for the Advancement of Management in the Grand Ballroom of the University Union Oct. 29.

Mr. Lou Vicarel, public relations representative in Republic Steel's Cleveland office, registered management opinions, while Mr. Everett Brown, international representative for the United Steel Workers of America, expressed the sentiments of organized labor.

Mr. Brown, a veteran of 17 years in the steel industry, gave labor's reason for the contract stalemate: "The matter of money is not the roadblock in the way of agreement; the real point of controversy is in Section 2B of the proposed contract. This deals with past practices and working conditions which must be dealt with locally. Our grievance privilege would not be relegated to arbitration."

In almost evangelical tones, Mr. Vicarel, dedicated to management, stated the steel industry's two major questions concerning the strike: "Can we sign a non-inflationary contract?" and, "Can management have the right to make production improvements to increase efficiency?"

### Revised Pick-Up Time Listed By Post Office

"Campus mail will now be picked up at 4 p.m.," stated Miss Phyllis Johnston, an employee of the University post office.

Miss Johnston said that the reason for the new afternoon pick-up time is that the mail now comes in at 3:30 instead of 3 p.m., and it takes at least a half hour to sort all the mail.

All students who have large bundles of mail to be sent out are requested to have it all sorted before mailing. If this is done, much time will be saved and the mail will go out faster, because the post office employees won't have to do the sorting.

## Casey Is Star In Victory Before 9,400 Onlookers

By DAVE YOUNG

For those who doubted — and there were many — the undefeated Bowling Green Falcons proved what a truly awesome football machine Coach Doyt Perry has built this year when they smashed the highly regarded Miami Redskins 33-16 before 9,400 jubilant fans in the Stadium Saturday. The victory for Bowling Green was its sixth straight and assured the Falcons of at least a tie for the Mid-American Conference Championship.

"The most satisfying win," exclaimed Coach Perry, and "one of our best games since I've been here." "Determination and fight is what won it for us, but I knew all along that we were the better team."

"We thought we could beat them (Bowling Green) if we stopped (Bob) Colburn and Casey,"

commented one of the Miami coaches. "We did a good job of containing Colburn, but Casey broke our back."

Colburn, who had completed 33 of 52 passes prior to this game, was able to connect on only five of 18. In discussing the game, Perry said, "I didn't think Colburn was up to par on his passing." Most of Colburn's passes were within reach of their intended receivers, but the slippery pigskin was too hard to handle.

Casey scored Bowling Green's first three touchdowns to boost his point total for the season to 46. His touchdowns came on runs of 11 and 13 yards, and a 44-yard pass play from Colburn. Perry was full of praise for Casey as he exclaimed, "I thought he was tremendous."

(Continued on page 3)

## Initial Faculty Concert To Feature Clarinetist

Clarinetist Richard M. Webster, University instructor in music, will give his premiere recital at 8:15 p.m. Wednesday, Nov. 4 in the recital auditorium. Mr. Webster will be assisted in his performance by pianist Robert Chapman and

WEBSTER

violinist Paul Makara, both instructors in music.

Mr. Webster has chosen a program of varied classical music for presentation at his first Bowling Green concert. His selections will include the "Grand Duo Concertante for Clarinet and Piano," by C. M. von Weber; De Bussey's "Premiere Rhapsody," "Sonata for Clarinet and Piano, Op. 120, No. 2," by Brahms, and Milhaud's "Suite for Violin, Clarinet, and Piano."

This new member of the Bowling Green music faculty has had wide experience in public performances, including recording for Mercury Records as a member of the Eastman Symphonic Wind Ensemble. Mr. Webster received his A.B. degree from the University of Washington, and his master's degree from the Eastman School of Music.

Mr. Webster's concert is the first of the Faculty Concert Series this year. It is to be followed by

### Phenomena?

## Students Blind, Without Books

At least 15 University students are blindly groping their way about campus. Several more are braving the frost with no coats. One hundred and fifteen do not have books to take to class (especially chemistry). Strange phenomena? These students merely haven't looked into the lost and found department.

Each day the lost and found department, a service of the Union Activities Organization, receives many lost articles that go unclaimed. This accounts for the 15 pairs of glasses which have accumulated since September.

Located in the center of the UAO office on the third floor of the University Union, the department is open from 3:30 to 4:45 p.m. Monday through Friday. Two students are on duty at this time to help locate and return all lost articles. A form is compiled for anything that is lost or found.

Marcia Zimmerman, house department director of UAO, and Karen Creman, campus services director, recommend submitting lost articles to the Information Desk in the Union. The department suggests that all lost items be turned in to the UAO lost and found department.

All items identified by the department, such as ID cards, clothing, and books are mailed directly to the owner.

Everything will be kept until June, after which all unclaimed property is given to welfare groups in the county.

## Names In The News

By CAROL BREDDER

**GENE WILSON**  
Gene Wilson, a member of Theta Chi and vice president of the senior class, was general chairman of Religious Emphasis Week.

WILSON

Asked his opinion of REW, Gene said, "The committees did a terrific job—the best I've ever seen done by committees working together." When asked about the idea of having only one main speaker, he replied: "I think three main speakers would have been better, but this year's program was set up a year ago."

Wilson is a senior in the College of Liberal Arts with a speech and radio major, and journalism and English minors. He is also known for his tenor solos on the Theta Chi record, "The Voices of Theta Chi." He sings solos in "When I Grow Too Old To Dream," and "Cool Water." Wilson is also a member of Collegiate Chorale and Choral Activities Committee, of which he is vice president.

Wilson is also a member of Rho Sigma Mu, radio honorary; University Social Policy Committee, Theta Chi quartet, and is senior representative to the Student Council. He recently was appointed chairman of the Men's Inter-residence Hall Council. To top off all his other accomplishments, Wilson is a counselor at Rodgers Quadrangle.

**SANDY HAMER**

Miss Sandy Hamer is best known for her work with the Association of Women Students, of which she is first vice president. Her main job as vice president is that of chairman of the judicial board. The board's main function, said Miss Hamer, "is to hear all disciplinary cases of girls living on campus." This year Miss Hamer, as part of her VP duties, was chairman of the AWS Big Sis-Little Sis Picnic, and is on the steering committee of State Day, which will be held at the University this week end.

HAMER

Miss Hamer, president of Alpha Chi Omega sorority, is a member of the Society for the Advancement of Management, the University Activities Appropriation Committee, and the Union Activities Brochure Committee. She is a senior in the College of Business Administration majoring in advertising.

**WESLEY JONES**

Wesley Jones, a pledge of Alpha Phi Alpha fraternity, is a member of the varsity cheerleading squad for the third year. Before coming to Bowling Green, Jones was a cheerleader at Middletown High School. When asked if he had had any formal training for his cheerleading jobs, Jones replied, "No—I just watched and then tried out and made it—and have made the squads ever since."

JONES

Jones is a history major and a Latin minor in the College of Education and Liberal Arts. He is a member of the French Club and Eta Sigma Phi, Latin honorary. When asked what he planned to do when he was graduated, he said, "Either teach on the college level or go into government service."

## One Senior Woman To Receive Award

Once again this year, the Faculty Women's Club will give a cash award to the graduating senior woman with the highest point average, according to Dr. Elfreda Rusher, president.

Miss Patricia Gangwer and Miss Helen Henderson, club members, have been named to select the winner.

The Faculty Women's Club draws its members from those University staff women who have faculty rank, and former faculty members who wish to retain their membership. A purely social organization, the club meets four times a year: in October, December, February, and May. Meeting times and places are designated by a committee for each month. They also decide on the activity for the meeting.

## Editorially Speaking

### For Want Of Blood . . .

For want of a shoe a horse was lost; for want of a horse . . . A more current version of this meaningful old adage might read "For want of some blood a life was lost."

Blood—that life-giving substance so easily taken for granted—takes on new importance for those unfortunate enough to need more than their own bodies can supply, especially in emergencies. Unlike many of the modern world's products, blood cannot be manufactured or reproduced by man; it only can be transferred from one person to another by the methods of modern medical science.

Blood, valued as life itself, is needed in great quantities in all areas of the world. Wood County alone used almost 1,200 pints last year.

The Red Cross Bloodmobile will be on campus tomorrow in the rec hall from 11 a.m. to 5 p.m. for donations. Someone, somewhere, is depending on you. That old proverb might well become "For want of YOUR blood, a life was lost."

Sherry Carsten

## 1,120 Receive Master's From BG Since 1936

In 1936, President Williams laid the groundwork for graduate work at Bowling Green State University when he awarded the University's first master's degree. In that year, one person, Richard L. Beard, an English major, fulfilled all the requirements to merit the degree.

Since that time 1,120 students have crossed the graduation platform and received master's degrees from the University. More than one half of these degrees have been granted since President Ralph W. McDonald took office in 1951, and more than one third of the master's degrees have been awarded since Dr. Lloyd A. Helms became dean of the Graduate School in 1955.

This growth is emphasized by the fact that the 120 graduate students who received their degrees in 1959 exceeded the total number of degrees granted in the first 11 years of the Graduate School's existence.

This upsurge in graduate enrollment is due to several factors. The University offers several generous assistantships to worthy students in various areas of study. Graduate stipends for teaching assistantships range from \$1,200 to \$2,000 per school year, while research and other assistantships pay from \$1,000 to \$2,000. The departments of English and speech usually have the largest number of graduate teaching assistants.

"In addition to these financial rewards, students are choosing Bowling Green for their graduate work because it has two of the prime essentials for successful graduate work: an excellent library and a competent staff of professors," Dean Helms said. "Also, laboratory facilities are being expanded for more thorough research in the various fields of science," he added.

Although many graduate students come from other Ohio campuses as well as from the undergraduate colleges at Bowling Green, the Graduate College has been fortunate in attracting students from all points of the free world. "Throughout the years we have had students from Australia, Pakistan, Lebanon, Germany, Okinawa, and other countries matriculate here for their master's degrees," Dean Helms said.

While the great majority of master's theses are usually of interest only to those people involved in the particular area of study (e.g., "The Normal and Pathological Aorta of the Goat"), some of the selected areas of research are of a more general interest.

## To The Editor

To The Editor:

In the interest of preserving this University's superiority over her English counterparts, (which I am reluctant to admit), I question your usage of the superlative in Tuesday's NEWS.

In reporting the discussions of the Humanities Symposium you stated: "Which are best—English universities or American universities?" I suspect that an inferior English editor would ask: "Which are better . . ." and employ the comparative form, since only two groups of universities are in question.

Realizing that these questions were submitted by faculty members, I ask: was this your wording or that of a colloquial Ph.D.? In either case, I direct that individual's attention to the freshman English text—"Writer's Guide and Index to English," page 495. Along with the preferred usage, he will find that the superlative is often employed as a form of emphasis in familiar (i.e. American) English.

Of course, this familiar form successfully conveys the neurotic American desire to be superior in everything, but it also connotes an unfamiliarity with preferred language forms.

John M. Zellman

**EDITOR'S NOTE:** We take the blame and thank you for calling this error to our attention. We received TWO such letters but, since yours was the BETTER, we decided to run it in preference to the other. Incidentally, "usage" generally is considered a BETTER spelling of the word than "usuage," in both British and American universities.

## Newcomers Group Greets New Wives

Wives of faculty and administrative staff members arrived at the Alumni Room at 8 p.m. Thursday night, Oct. 29 to welcome new members to the Newcomers Club.

Mrs. Ralph W. McDonald, Mrs. K. H. McFall, and Mrs. Grover Platt, president of Faculty Dames, were present to extend a welcome to those who attended for the first time.

An informal dessert and coffee were served during the social hour. Mrs. R. S. McCordock and Mrs. Glenn Van Wormer are sponsors of the group.

## Interview Schedule

The following schools will have representatives here on Nov. 2: Muskegon Public Schools from Muskegon, Mich., for students in elementary education, English, mathematics, general science, and counseling.

Livonia Public Schools of Livonia, Mich., for students in elementary education, English, and Latin-Spanish.

Students who are interested should go to the Placement Office, Room 315A, to arrange an interview.

## Williams Elects Officers

Williams Hall recently elected officers for the 1959-1960 term. Elected were: Emma Grassen, president; Deanna Bolfa, vice president; Marilyn Miller, secretary; Shellah Smith, treasurer; Carole Kozel, art chairman; and Gloria Shelley, publicity chairman.

## 'A' Still For Apple

## BG Student Teaching Program Provides Functional Education

"On a good day I can expect to accumulate an impressive assortment of shiny apples, hand-picked flowers, crushed cupcakes, and crumbled cookies," said Carol Sherwood as she sank back into an easy chair. "The color of 'the little red school house' may have changed but the custom of giving gifts to the teacher is still in effect."

Mrs. Sherwood, a senior from Mt. Victory, is one of 118 University students presently taking part in the student teaching program. She is teaching at Stamm Elementary School in Fremont and travels the 67-mile round trip each week day.

She is currently teaching her classes spelling and math, the subjects that the student teacher generally begins with.

The student teaching program is being carried on in 10 different school systems. They are: Bowling Green, North Baltimore, Fostoria, Washington Township, Perrysburg, Fremont, Toledo, Napoleon, Findlay, and Portage.

Student teachers receive their assignments in the latter part of their junior year. The period of teaching extends for eight weeks; the first session began Sept. 14 and will end Nov. 9.

"All applicants for this program must confer with Dr. Lorrene Ort, director of student teaching. If they desire to be assigned else-

where than Bowling Green, I make the arrangements," said Dr. Charles Young, chairman of the department of education.

The University pays each of the school systems involved in the program \$30 per student teacher. The board of education can pay the money to the supervising teacher, or it can be spent in whatever manner the board chooses.

The trend in the past 20 years has been toward a better and more functional education. The University's student teaching program places the student teacher in actual classroom conditions. Some schools permit student teachers to teach only for a few hours a day. They then return to the University for classes.

## Classified

**DANCE LESSONS**—Ballet, tap, all kinds of American and Latin ballroom. Call Marjorie Markey, 508 N. Prospect, phone 4622.

## On Campus with Max Shulman

(Author of "I Was a Teen-age Dwarf", "The Many Loves of Dobie Gillis", etc.)

## DIARY OF A COED

**MONDAY:** Prof. Pomfritt sprang quiz in English lit this morning. If Shakespeare didn't write *Canterbury Tales* I'm a dead duck . . . Lunch at the house—turkey hash. Question: how can we have turkey hash when we never had turkey? . . . Smoked a Marlboro after lunch. I dig those better makin's the most! . . . Played bridge with sorors in afternoon. When game was over, my partner stabbed me several times with hatpin. Must learn weak club bid . . . Dinner at house—lamb hash. Question: how can we have lamb hash when we never had lamb? . . . Smoked a Marlboro after dinner. What filter! What flavor! What pack or box! . . . Chapter meeting at night. Motion made to abolish capital punishment for pledges. Motion defeated . . . Smoked more Marlboros. Quelle joie! . . . And so to bed.

**TUESDAY:** Faculty tea at the house. Spilled pot of oolong on Dean of Women. She very surly. Offered her a Marlboro. Still surly. Offered skin graft. No help . . . Dinner at Kosy Kampus Kafe—24 hamburgers. But no dessert. Have to watch waistline . . . And so to bed.

**WEDNESDAY:** Got our marks in English lit quiz. Lucky for me Shakespeare wrote *Canterbury Tales*! . . . Afternoon date with Ralph Feldspar. Purely platonic. Ralph wanted to consult me about love trouble he's having with his girl Nymphet Calloway. I assured him things would get better. Ralph said he certainly hopes so because last four times he called on Nymphet, she dumped vacuum cleaner bag on him . . . Smoked several Marlboros. Wonderful cigarette. No confusion about which end to light. Saves loads of time . . . Dinner at house—bread. That's all; just bread . . . And so to bed.

**THURSDAY:** Three packages from home—laundry, cookies, records. So hungry I ate all three . . . Quiz in American history. If Millard Fillmore didn't invent cotton gin, I'm in big trouble . . . Dinner at house. Big excitement—Nymphet Calloway announced her engagement to Ralph Feldspar. While sorors flocked around to congratulate Nymphet, I ate everybody's side meat . . . Then smoked Marlboro. Oh, what a piece of work is Marlboro! . . . And so to bed.

**FRIDAY:** Got our marks in American history quiz. Was shattered to learn that Millard Fillmore did not invent cotton gin. He wrote *Canterbury Tales* . . . How very odd! . . . Lunch at the house—bread hash . . . Marlboro after lunch. Great smoke. Must send valentine to manufacturers . . . Spent entire afternoon getting dressed for date tonight with Norman Twonkey. Norman is tall, dark, loaded—a perfect doll! Only thing wrong is he never tells a girl where he's going to take her. So I put on a bathing suit, on top of that an evening gown, and on top of that a snowsuit. Thus I was ready for a splash party, a dance, or a toboggan slide . . . So what do you think happened? He entered me in a steeplechase, that's what! . . . Would have taken first prize easily if I hadn't pulled up lame in the last furlong . . . And so to bed.

Yes, the college life is a busy one and you may be having trouble choosing the cigarette that's right for you. Here's a handy guide: For filter plus flavor—Marlboro. For flavor without filter—Philip Morris. For filter plus flavor plus coolness—Alpine . . . All made by the sponsors of this column.

## From Near And Far

## The College Circuit

By KEITH SANDERS

Vice President Richard Nixon will be the next president of the United States if the poll taken by the Twelfth National Student Congress is indicative of the feelings of voters across the country. The Congress, composed of student leaders from colleges and universities in 41 states, chose Nixon, John Kennedy, and Adlai Stevenson as the top men for the position.

Nixon polled 36.8 per cent, Kennedy 24.9 per cent, and Stevenson 20.5 per cent of the total.

The student newspaper from Eastern Illinois University had a unique front page layout recently. The nameplate, "The Eastern State News," carries the motto "Tell the Truth and Don't Be Afraid." The lead story in one issue carried the headline, "Dear Liar Set For Monday." The story, of course, referred to the Broadway play; however, it did prompt some humorous comments.

An Ohio University fraternity recently held a painting party attended by some 500 students. The fraternity is now on social probation until February for (1) holding an improperly chaperoned party; (2) conduct unbecoming a fraternity; (3) destroying University property; and (4) violations of the drinking regulations. Only three month's probation for such violations seems rather lenient by our standards.

Ohio State recently held a conference similar to Bowling Green's symposium program. The topic for OSU was "Intellectual Revolution and Counter Revolution, 1859-1959." Eight lectures by well-known speakers were featured in the program. Charles Darwin, Karl Marx, and Richard Wagner, were the main topics of discussion.

Parking problems are not limited to Bowling Green State University, as many students may argue. The University of Alberta, located at Edmonton, Alberta, in western Canada, has parking facilities for only one car of every three on campus. A committee appointed to study the situation came up with several solutions. The most favored idea was to limit cars to upperclass students, as has been tried by many American universities. Also proposed was the idea of providing more frequent and cheaper bus services and the formal organization of

car pools.

Headlines from the Indiana Technician read: "Strapless Gown Nice, but Creates Engineering Problems—Stress and Strains Don't Always Equalize." According to the Technician, the best method of attracting the weak and susceptible male is the strapless evening gown. However, few people realize the tremendous engineering problems involved in producing a gown that appears as if it will fall off at any moment and yet actually providing somewhat of a safety factor to keep it up.

## Official Announcements

The Chicago Public Schools announce that teacher examinations will be given Dec. 28, 1959; March 12 and 28, 1960; and April 25, 1960 to determine eligibility lists for appointment in the Chicago Public Schools. For further information contact Mrs. Buford in the Placement Office, Room 315-B, Administration Bldg.

Nov. 5 through 18 are the dates for registration for second semester student teachers only. From Nov. 19 through Dec. 4 are the dates for registration for seniors in the College of Education.

These students are directed to obtain, in advance, forms for registration from the Office of the Dean of the College of Education, Room 209 Administration Bldg.

All men interested in singing in choral activities, who have not as yet tried out, are directed to come to the recital hall in the Hall of Music at 3:30 p.m. any Tuesday, Wednesday, or Friday and ask for Prof. Burnham.

Women enrolled in HPE 101, 102, 201, and 202 are to choose new activities today and tomorrow. Selections are to be made in the Women's Gym from 11 a.m. to 12:15 p.m. or 3:30 p.m. to 5 p.m. today and 3:30 p.m. to 5 p.m. tomorrow.

## Smith Talks To NSA At Business Workshop

Charles B. Smith, instructor in business education, was one of the principal speakers at the workshop "Hear and Be Heard," sponsored by the Genie Chapter of the National Secretaries Association Oct. 24, in Lima. "The Art of Communicating," Mr. Smith's topic, dealt primarily with more effective methods of oral communication. Area secretaries, business leaders, teachers, and students attended the workshop.

# UAO Offers Varied Program For All Students

By JOAN MEGREW

Since its dedication on April 12, 1958, the following five purposes, established by Dr. Ralph W. McDonald, president of the University, in his Dedicatory Address, have been the University Union's goals: to stimulate intellectual development, broaden cultural interests, foster fellowship, strengthen loyalty to the state and the nation, and lift us closer to God.

The University Union is divided into three parts: the administration, the program, and the operations.

The University Union Activities Organization, comprised of some 400 students and headed by President Ron O'Leary, is designed to carry out the purposes of the Union by providing a sound and varied program. The Union Activities Council, the advisory group, meets once a month. Members are: Eugene Beatty, director of buildings and facilities; Sharon Carsten, director of public information; Wanda Chynoweth, vice president of the Union; Farrar M. Cobb, director of the Union; Judy Creason, director-at-large; Florence Currier, dean of women; La Delle Gerlach, director of the entertainment department; Don Hershberger, director-at-large; Robert Keefe, associate professor of health and physical education; Karel King, President's Office; Kenneth Krouse, director of alumni affairs; Richard Lenhart, program director of the University Union; Judy Lisy, director of the personnel department; O'Leary; Elton Ringer, comptroller; Trudy Robertson, director of the fine arts department; Eldon T. Smith, dean of students; Hal Wassink,

director of the recreation department; Richard Weaver, coordinator of student activities; Raymond Whittaker, assistant dean of students; Marcia Zimmerman, director of the house department; and Bill Shuck, director of the social department.

The Union Board of Directors, whose members are department heads, UAO officers, and the directors-at-large, meets once a week to serve as the legislative branch of the UAO, acting on specific problems.

The UAO is headed by O'Leary, with Wanda Chynoweth as vice president and Lenhart as secretary. The two directors-at-large, who are representatives from the student body, are Judy Creason and Don Hershberger.

Students begin their membership in UAO by serving as sub-committee members. To qualify for membership on a committee, a student must have a cumulative point average of 2.5, a point average of 2.5 for the preceding semester, and one semester's service in the UAO as a sub-committee member. To serve as a Union committee chairman, the required minimum point average is 3.0, and prior service on a Union committee for at least one semester is necessary. To be a department director or officer, the requirements are the same as for a committee chairman, except that two semesters' service is needed.

There are seven departments with chairmen, and 28 committees, 11 of which are functioning for the first time this year. The following are departmental directors, committee responsibilities, committee chairmen, and faculty advisers.

## ENTERTAINMENT DEPT.

LaDelle Gerlach, director

The Auditions and Bookings Committee holds auditions for entertainers and groups and assists University organizations in booking talent.

The Special Features Committee has a varied program, including a public movie showing of each varsity game, and television showings of special events. A chairman has not yet been selected. Dr. George Herman is adviser.

The Campus Movie Committee selects and maintains movies to be shown in the Friday and Saturday night campus movie programs. Gayle Frisby is chairman and Dr. Stuart Givens is adviser.

## PUBLIC INFORMATION DEPT.

Sherry Carsten, director

The News Committee compiles items about the UAO for the B-G NEWS and WBGU. Bob Schram is chairman and Donald Brenner is adviser.

The Brochure Committee prepares an annual brochure on Union activities and services. Bob Schiesel is chairman and Dr. Harold Van Winkle is adviser.

The Bulletin Board and Display Committee controls and maintains

all bulletin boards and display cases in the Union. Kathy Baker is chairman and Don Hinde is adviser.

## FINE ARTS DEPT.

Trudy Robertson, director

The Artist Series Committee plans performances by outstanding

there. Alexa Rucker is chairman and A. Robert Rogers is adviser.

The Informal Concerts Committee arranges for informal presentations of talented student, faculty, and professional musicians. Jim Hardy is chairman and Prof. Charles Lakofsky is adviser.

THE TOP ECHELON—The Union Activities Organization Board of Directors, shown here, is directly responsible for the coordination and conduct of all UAO activities. Seated at front (left to right) are: Trudy Robertson, house department; LaDelle Gerlach, entertainment; Sherry Carsten, public information; Bill Shuck, social; Marcia Zimmerman, house; Richard Lenhart, UAO director and board secretary; Ron O'Leary, president; and Wanda Chynoweth, vice president. In the rear are: Hal Wassink, recreation; Judy Lisy, personnel; Judy Creason and Don Hershberger, directors-at-large.

performers for the Grand Ballroom of the Union. Martha Smith is chairman and Col. Farrar M. Cobb is adviser.

The Exhibits Committee plans educational and artistic exhibits for showing in the Union. Joan Kohl is chairman and Dr. Paul Running is adviser.

The Lecture, Debate, and Reviews Committee plans a varied series of lectures sponsored by the Union. Koreen Stahl is chairman and Dr. Duane Tucker is adviser.

The Browsing Room Committee selects classical recordings and noteworthy books and magazines for the Browsing Room to maintain the comfortable atmosphere

## SOCIAL DEPT.

Bill Shuck, director

The Social Interest Committee maintains a library on social activities for use by University groups and arranges decorations for major Union events. Ellen Beveridge is chairman and Miss Margaret Richards is adviser.

The Hospitality Committee plans official receptions and arranges for guided tours of the Union. Barbara Uhl is chairman and Prof. Eloise Whitwer is adviser.

The Campus Fellowship Committee arranges informal coffee hours for faculty members and students. Gerry Elder is chairman and Dr. Jacob Verduin is adviser.

The Dance Committee sponsors a series of all-campus dances. Jan Hunter is chairman and Prof. Amy Torgerson is adviser.

The Carnation Room Committee conducts and maintains arrangements for Carnation Room dancing. Virginia Roller is chairman and Dr. Melvin Hyman is adviser.

## RECREATION DEPT.

Hal Wassink, director

The Bowling Committee organizes and guides the activities of the bowling leagues. Joe McNamara is chairman and Mrs. Betty Whittaker is adviser.

The Pool and Billiards Committee plans tournaments and provides instruction in pool and billiards. No chairman has, as yet, been named. Virgil Taylor is adviser.

The Card Games Committee maintains equipment and supplies for table games in the card room. Beth Mentzer is chairman and Dr. John Coash is adviser.

The Camera Committee supervises darkroom use and arranges for showings of outstanding work by amateur photographers. Tom Mann is chairman and James Gordon is adviser.

The Hobby Committee arranges for meetings of hobby groups and clubs and do-it-yourself demonstrations. No chairman has, as yet, been named. Dr. Levan Hill is adviser.

## HOUSE DEPT.

Marcia Zimmerman, director

The Office Committee has custody and care of all records of UAO departments. Phyllis Rowley is chairman and Dr. Elfreda Rusher is adviser.

The Campus Services Committee keeps a file of available rides and handles the lost and found service. Karen Creman is chairman and Robert McKay is adviser.

The House Services Committee selects recordings for incidental music throughout the Union, chooses magazines for casual reading in lounge areas, and maintains the work room for use by outside groups. Roger Eversole is chairman and Mrs. Elizabeth Cobb is adviser.

## PERSONNEL DEPT.

Judy Lisy, director

The Recruitment Committee interviews and assigns all new members to appropriate committees. Lynn Yackee is chairman and Robert Rudd is adviser.

The Training Committee conducts training of new UAO members. Eldon Blair is chairman and Dr. Brian Sutton-Smith is adviser.

The Records Committee keeps a file on each person who becomes a member of the UAO. Marilyn Dean is chairman and Prof. Margaret Yocum is adviser.

The Screening Committee screens sub-committee members to fill vacancies on Union Committees. Pat Peele is chairman and Richard Lenhart is adviser.

The UAO has already initiated such things as Matinee Hour, the showing of football strips, the original Valentine sale, buying of new movie projectors, the bowling tournament, the lost and found department, and the art exhibits. "We work with other groups, aiding their programs as well as ours," explained O'Leary. Academic departments work in conjunction with many of the activities.

At the present time the Union is working on such things as a magazine-type pamphlet for the Union similar to Connie-Co-Ed, and auditioning for talented students for performances in the Carnation Room and on other special talent nights. The exhibits have improved over last year, and larger name bands are being attracted. Also, the campus movies being shown are "first run" films.

The future planned for the UAO is indeed a promising one. Jazz events such as the informal concert featuring Errol Garner on Feb. 25, foreign films like "La Strada," campus movies like "The Robe," "The Three Faces of Eve," and "A Hatful of Rain" will be coming.

A world travel coffee hour is being formulated by the campus fellowship committee. In the sports line, a bowling tournament is being scheduled. Bridge parties take place soon, also.

## New Music Student Must Take Tests To Determine Skills

Being admitted to Bowling Green State University is only the first step for the prospective music major or minor.

Every music student, before being admitted to the music department, must first pass an entrance examination which tests skill on his major instrument, use of the singing voice, and his functional use of the keyboard. Tests are also given to determine the student's background in theory and his abilities in pitch discrimination and rhythmic sense.

Those music students wishing to study instrumental music may choose to participate in either the University Symphony Orchestra or the University Concert Band. Sometime during his studies, an instrumental major is expected to have some experience in both band and orchestra, subject to the approval of the individual conductors. He is required to complete seven semesters of an instrumental ensemble and one semester of choral ensemble.

For those students choosing vocal music as their major, five semesters of choral ensemble and one of instrumental ensemble are required.

The difference in the number of semesters required for the instrumental and vocal majors was explained by Dr. James Paul Kennedy, chairman of the music department. He stated that the voice of a freshman student is not always fully developed at the time of admittance to the University, and it does not always lend itself to early training. It is more advantageous to delay formal study until vocal maturity. Therefore, only five semesters, instead of seven, are required of the vocal major, though many students do have the entire seven semesters. The eighth is devoted to the off-campus student teaching program.

All freshmen studying either instrumental or vocal music are required to take freshman theory, sight singing, and piano during their first year.

## Franklin Names Cast For Murder Mystery

Rehearsals have begun for those cast in the Workshop Players' three-act play, "A Murder Has Been Arranged," by Emlyn Williams. Selected for the roles by William Franklin, graduate student in the speech department and director of the play, were the following students: Michal McGriff as Mrs. Wragg; Ronald Van Lieu as Charles Jasper; Karen Kesling as Beatrice Jasper; Mary Sterling as Miss Groze; and John Johnson as Maurice Mullins.

Others in the cast include: Kathie Maughan as The Woman; Dave Campbell as Jimmy North; and Leslie Fowler as Mrs. Arthur. No one as yet has been cast for the part of Cavandish.

All freshmen and transfer students are urged by Franklin to sign up in Gate Theatre for a crew position. He is still looking for a good combo to provide musical background. Anyone interested should see him in Room 113 South Hall.

New 1960 L&M brings you taste... more taste...

# More taste by far... yet low in tar!

New, free-flowing Miracle Tip unlocks natural tobacco flavor! That's why L&M can blend fine tobaccos not to suit a filter... but to suit your taste!

Only the 1960 L&M • Frees up flavor other filters squeeze in! • Checks tars without choking taste! • Gives you the full, exciting flavor of the world's finest, naturally mild tobaccos!

# Neuro-Muscular Diseases Course Proves Beneficial To Dr. Hyman

Dr. Melvin Hyman, director of the Speech and Hearing Clinic, spent two weeks last June at Cook County Graduate School for Medicine in Chicago, where he participated in a study of neuro-muscular diseases of children.

The clinic was attended by medical specialists from all parts of the United States, as well as Mexico, Belgium, England, and Argentina. The director and coordinator was Dr. Meyer Pearlstein, a well known pediatrician.

Study consisted of a series of lectures given by well known men in the neuro-muscular field, and observations of children afflicted with cerebral palsy, muscular dystrophy, and epilepsy.

The lecture series ran daily from 9 a.m. to 5 p.m., and covered such areas as neurological symptoms, aspects of orthopedic surgery, psychiatric problems, pos-

sibilities of hypnosis, physical therapy, occupational therapy, and speech therapy.

The study included a trip to a cerebral palsy clinic at Villa Park, Ill. where neurological symptoms in patients were pointed out by Dr. Pearlstein. A similar trip was made to Gary, Ind.

As part of the clinic study, Dr. Hyman observed the examination and therapeutic treatment that was given to 71 neuro-muscular patients at Cook County Graduate School for Medicine.

Dr. Hyman received a grant for the two weeks' study of neuro-muscular diseases of children from the National Crippled Children's Society and Alpha Chi Omega sorority.

According to Dr. Hyman, the study has proved most beneficial in his work at the Speech and Hearing Clinic, and in the clinics of area hospitals.

## Calendar Of Events

Tuesday, November 3, 1959		
11:00-11:45 a.m.	Meeting of Secondary Methods Instructors	Taft Room
11 a.m.-12:30 p.m.	UAO Board of Directors Meeting	Wayne Room
11 a.m.-12 Noon	Newman Club Religion Class	Pink Dogwood Room
11 a.m.-12 Noon	ROTC Common Hour (in case of bad weather)	Main Aud. Ad. Bldg.
3:00-5:00 p.m.	Campus Fellowship Committee	Ohio Suite
3:00-5:00 p.m.	LSA Counseling	Prout Chapel
3:30-4:30 p.m.	UCF Religion Course	Wayne Room
3:30-4:30 p.m.	Inter-Varsity Christian Fellowship Meeting (Officers)	Prout Chapel
4:00-5:00 p.m.	AWS Legislative Board	Taft Room

### Hard To Study On Liner

## Student Sightseeing Included On European Tour Program

EDITOR'S NOTE: This impression of the summer tour abroad, sponsored by the English department, was written by a student member of the tour. It is the final article in the series.

By KATHRYN RUDA

Although our trip abroad was primarily for intellectual reasons, there were many occasions when we were able to include an evening of entertainment in our busy schedule. We tried to prepare ourselves for our sightseeing by boning up on our history and reviewing our previous knowledge of the geography and cultures of the locales we were planning to visit. We were also faced with the problem of completing as much of our studies as we could.

A trans-Atlantic liner is a difficult place to study with its many opportunities for diversion. In the morning and afternoon there were movies in the ship's cinema. There was always dancing in the ballroom—jam sessions in the morning, the dances in the afternoon, and after dinner dancing. For the sports-minded there were shuffle board, deck tennis, or if the weather was bad, table tennis in the ballroom. In the middle of the week, the staff commander planned a gala dinner followed by a costume parade and a masquerade ball. To climax our week aboard ship we were entertained with a lavish farewell dinner.

Our stay in many places on the Continent was usually too short to enjoy much of the night life of the country but we were more fortunate when we reached France. In Paris we took a guided tour which provided us with a glimpse of the famous night life of that beautiful city. We stopped briefly in well-known night spots such as the Moulin Rouge, made more famous by the movie of the same name about the life of the Parisian painter Toulouse-Lautrec.

It is difficult to decide whether Paris is more beautiful by day or night. In the evenings the city is bathed in light. The famous Champs Elysee, Arc de Triomphe and the Eiffel Tower are a blaze of lights. All along the Champs Elysee and throughout the city, especially in the Place de la Concorde there are artificial pools and fountains dramatically illuminated with colored lights.

We couldn't leave Paris without visiting the Left Bank where the Sorbonne and the Notre Dame Cathedral are located. Students from all over the world are found

there, strolling down the avenues and visiting with their companions in the numerous sidewalk cafes. The Left Bank is noted as the artists' section. We also visited the special haunt of artists and tourists, Mont Martre, where you can buy, sell, and sit for various media of art. Naturally we spent many hours looking and shopping in the many shops and arcades of Paris.

From Paris we returned to England, where our travels had begun. In London, we thrilled to the sights of Big Ben, Westminster Abbey, Buckingham Palace and the famed changing of the guard. We attended the theatre in London, a musical comedy, "Salad Days." We also went to the cinema, where, as in the theatres, they serve coffee and tea with biscuits during the intermission. We were also surprised to find that it is customary to smoke during the plays and movies, ash trays being provided.

During the first part of our travels we visited many of the cathedral towns of England, such as Shrewsbury and Canterbury. We found that these small towns were very quiet and naturally entertainment in the evenings was limited to walks about the town and observing the scenery and the inhabitants of the country side, but we found ample excitement when we reached such cosmopolitan cities as Paris and London.

Naturally when we reached Lumley Castle, we had to put aside frivolous thoughts and buckle down to completing our studies which had been started on shipboard. We relaxed from our books only to enjoy the English tradition of 4 o'clock tea and conversation with the local people.

Once we finished our studies and sailed from Liverpool we were free to enjoy even more the op-

### CAMPUS COMEDY

"DON'T TAKE IT SO HARD, CORRIGAN. YOU'RE NOT THE FIRST ONE TO MARCH THE WRONG WAY."

## English Conference Held Here

"Advantages and Methods of Organizing a Northwestern Ohio English Association as an Affiliate of the National Council of Teachers of English" was the topic discussed at the Northwestern Ohio English Conference held in the Alumni Room of the University Union, Saturday, Oct. 24.

Panel members were Dr. Howard Brogan, chairman of the English department; Dr. Emerson Shuck, dean of the College of Liberal Arts; Dr. Frederick D. Lemke, dean of Heidelberg College; Dr. Ernest Gray, chairman of the English department, University of Toledo; and Miss Beryl M. Parrish, assistant professor of English and chairman of the conference.

Represented at the conference were 18 counties: Allen, Defiance, Erie, Fulton, Hancock, Hardin,

opportunities for relaxation and fun aboard the Empress of Britain. Editor's Note: The B.G.S.U. Summer Study Group took week-end trips during the study period to Scotland, the English Lakes, and to Sherwood Forest, Nottingham, and Lincoln. The group returned to Montreal Airport Aug. 16, and returned home by the same variety of methods by which they arrived in that city, having had an exciting and profitable summer abroad.

Henry, Huron, Lucas, Ottawa, Paulding, Putnam, Sandusky, Seneca, Van Wert, Williams, Wood, and Wyandot.

Also represented were seven colleges and universities, including: Bowling Green, Defiance College, the University of Toledo, Findlay College, Mary Manse College, Ohio Northern University, and Heidelberg College.

There will be a meeting sometime in November with 14 representatives from the public schools, colleges and universities, to form an interim Executive Committee of the Northwestern Ohio English Association.

# TANG! New breakfast drink you can keep in your room!

**JOE FOOTBALL:** TANG has a real wake-up taste for great get-up-and-go on the football field. I drink two glasses every morning—and watch out!

**SALLY SORORITY:** TANG is really great mornings. I always have a jar in my room; it's so much easier than squeezing or unfreezing orange juice.

**LAZY LARRY:** I have such trouble getting up for breakfast that a fast glass of TANG gets me through my first class so I can have a late breakfast.

**HELEN HOME EC.:** TANG is the perfect breakfast drink. It contains more Vitamin C and A than orange juice and is so handy to store on any shelf.

### NEW! INSTANT!

Just mix with cold water!

MORE VITAMIN C THAN ORANGE JUICE!

GET TANG FOR YOUR BOOKSHELF SOON

TANG has real wake-up taste, more vitamin C than fresh or frozen orange or grapefruit juice. Plus vitamin A. TANG keeps without refrigeration so you can keep TANG right in your room.

A product of General Foods Kitchens

WANTED: Characters and captions for campus TANG-ites (like above). Must relate to TANG. Will pay \$25 for every entry used.

Address: TANG College Contest, Dept. GRM, Post Division, Battle Creek, Mich. (Entries must be postmarked before Dec. 15, 1959.)

# Casey Paces BG Win

(Continued from page 1)

The Falcons had little trouble in building up a 21-0 half-time advantage. The closest Miami came to penetrating Bowling Green territory in the first half was on its last series of plays in the second quarter, when it advanced the ball to the Falcons' 46.

Miami seemed to have a case of the jitters in the first half as it repeatedly fumbled and ran off-side. On one series of plays the Redskins were penalized twice for being off-side and a third time for unnecessary roughness.

Bowling Green was unable to take advantage of Miami's errors until late in the first quarter, when Casey made the first of his three spectacular touchdowns. He ran wide to the left, but seeing that he would be trapped, reversed himself and scampered 13 yards around right end for the touchdown. Chuck Ramsey converted.

"The law of averages finally catches up with you," stated a Miami coach after the game, when he recalled that in last year's contest at Oxford, Miami's Dave Gilbert scored the decisive touchdown on the very same type of play. He referred to Casey's run as the "key play" of the game.

The Falcons put together their second scoring drive midway through the second quarter when they drove 63 yards in nine plays. Casey carried the final 11 yards for the score. Ramsey's second conversion sent the Falcons into a 14-point lead.

Bowling Green scored its third touchdown just minutes later on a 44-yard pass play from Colburn to Casey. The extra point was

added by Ramsey, and the Falcons had a 21-point lead at half-time.

"I thought Miami would have a hard time coming back," stated Perry. "I felt the 21-point lead would enable us to win."

However, the Redskins came out in the second half, as they had done last year, as a fired-up team. They proceeded to march 36 yards on four plays to register their first touchdown with 9:55 remaining in the third period. Miami's quarterback Tom Kilmurray fired a 12-yard pass to Howie Millisor for the tally, and Bill Triplett ran the ball for the extra two points.

An intercepted pass by the Falcons' Larry Smith on the 50 yard line stopped the next Miami threat.

The Falcons made sure there would be no recurrence of last year's game as they added two more touchdowns in the final period. The first TD came early in the quarter when Jerry Diamika romped seven yards for the score. Bowling Green's second tally of the quarter came with 6:54 remaining, as Jerry Roberts caught a nine-yard pass from Dave McClain.

Miami added its final touchdown with a little over a minute remaining in the game, on a one-foot sneak by Joe Griffith. Dave Bernard gathered the yardage for the extra points.

Casey suffered the only Falcon injury, on a play early in the third quarter. He was carried off the field on a stretcher, unconscious with a head injury. However, he quickly regained consciousness and his injury was not serious. Although he played little more than half the game, he was the leading gainer with 90 yards on 12 carries.

Diamika turned in one of his best performances to date as he was second for the Falcons in rushing with 74 yards in 20 carries. He also made several key tackles.

Russ Hepner was another top performer for the Falcons, carrying 13 times for 46 yards. He picked up yardage when it was most needed.

## STATISTICS

	BG	M
First downs	22	11
Yards rushing	269	88
Yards passing	96	104
Net Yardage	365	192

Miami	0 0 8 8-16	

## IM Falcons Defeat Shatzel's Playboys

Dennis Bodner, with 19 points, led the Little Falcons to a 44-33 win over the Shatzel Playboys in Thursday's independent football action. Behind Bodner in scoring for the Little Falcons were Dennis Schaffer with 18 points, Mike McCarthy with six, and Don Nasca with a conversion. Scoring for the losers were Jerry Gaffney, who scored 12, Phil Shimits with eight, Jim Rose and Bill Ficken with six each, and Larry Pummel with a conversion.

The Geer Cogs went down to defeat at the hands of the Rodgers Transfers 20-12. Jack Eakins, Tom Neuman, and Paul Burke all scored for the victors, while Steve Cox scored both times for the losers.

Another game featured the Shatzel Tigers and the Wildcats, and saw the Tigers win by a 20-12 count. Dick Jordan, George Rager and Jim Snider scored TDs and Len Mullen added a safety for the Tigers. Dale Burgess did all the scoring for the Wildcats, hitting paydirt in the first and second periods for their 12 points.

A LONG LOOK—This wide-angle shot taken in the second quarter gives a first hand glimpse of the rugged line play which marked Saturday's game. It shows an unidentified Falcon ball-carrier picking up a couple of tough yards through the middle of the big Miami forward wall. Helping to clear the way is Bernie Casey

(30) as Bob Bird (74) charges in to give a helping hand. Bob Colburn (12) watches from the rear after giving the handoff. Other identifiable Falcons are Ron Blackledge (85), Dan Roberts (60) and Bob Zimpfer (73).

## In The Locker Room

# Pandemonium Reigns Following Win

By JIM ZAK

Bedlam is the only word to describe the Bowling Green locker room as parents, friends, and alumni inundated Coach Perry, his staff, and the team that defeated the Miami Redskins 33-16 with congratulatory remarks.

Immediately after the game Coach Perry gathered the team into one room and told the players that the Miami victory might have been enough to persuade a post-season bowl game committee to invite the Falcons. Although "feelings" have been received, no definite bid has been given the undefeated BG team.

Co-captains Bob Colburn and Bob Zimpfer then led the team in a "we won" cheer. This was followed by other cheers and the Bowling Green fight song.

Many former Bowling Green footballers, from teams which had failed to beat the Redskins, were also on hand to offer congratulations. Some of the more recent stars present were Ray Reese, Tim Murnen, Vic DeOrio, Bob Morrell, Jim Wehrer, Tom Kistle, and John Galyas.

Much attention was being given Bernie Casey, who accepted his congratulations lying on a training room table, recovering from the head injury he received during the game. President Ralph W. McDonald was concerned about Casey's injury. President McDonald told the fleet-footed halfback who scored three touchdowns in the first half: "The performance you put on today, Bernie, was the best game of football I have ever seen one man play."

## Seniors Pace Victory; Binkley Breaks Record

The Bowling Green cross country team wound up its dual meet competition Saturday with wins over Kent State and Ball State.

Led by seniors Dave Armstrong, Larry Dove, and John Scott, who finished in a three-way tie for first place, the scores were 17-40 over Kent and 17-42 over Ball State.

The trio's time over the four-mile course in its final home appearance was 21:26.9. Armstrong, Dove, and Scott have been the nucleus of the team for three years.

They took first from Kent, with the Flashes' Gil Gray fourth with 21:31. John Schengilli and Carl Sheperd of BG were fifth and sixth with 21:46 and 21:47. Bob Tailpole, Ed Simpson, and Bill Maurer were other Kent placers.

Against Ball State, the three

again were tops, with Schengilli and Sheperd again fifth and sixth. Dave Johnston, Steve Dial, and Paul Prescott were fourth, seventh, and eighth for Ball State.

The Falcon frosh took Kent's yearlings, 11-25, with Barry Binkley setting another freshman mark of 20:58.8. It bettered his own record of 21:10, as he finished ahead of the varsity runners.

## Bobcats Win Over Western Michigan; Retain Title Hope

Ohio University's last half rally against a rapidly improving Western Michigan eleven highlighted Mid-American Conference action Saturday. The Bobcats won, 12-9 and thus remained in strong contention for a share of the MAC crown. They must win their coming contest with unbeaten Bowling Green for a piece of the title.

A field goal and a touchdown gave Western Michigan an early 9-0 lead. Both of these scores were set up by Ohio University fumbles deep in their own territory. Then the Bobcats, playing without the services of four top halfbacks, roared back for two scores to the delight of the Homecoming crowd. The Bobcats first TD came when quarterback Bob Wisniewski hit end Jim Massarelli on a 62-yard pass play. The decisive score came when halfback Jim Foley ran over from the four. Ohio gained 100 yards in the air, all on two passes to Massarelli. Bob Brooks, highly-touted Bobcat halfback, gained 101 yards on 22 carries.

Toledo University played hard and scored first, but strong Kent State pulled the game out, 14-7 in the Glass Bowl Saturday night. A Dennis Wilkie to Bob Smith pass resulted in the only Toledo score.

Tickets for the Falcons' last home football game with Delaware are now on sale at the Athletic Ticket Window in the Men's Gym.

## Falcon Coeds Lose To Host Kent State

Bowling Green's women's field hockey team was defeated 6-4 by Kent State, Oct. 24 at Kent.

Due to bad weather the playing field was in poor condition. In many places the turf was covered with several inches of water.

Throughout the first half, the game was tied and very close. It was a rough and hard fought game. Sandy Scott, Donna Jacob, and Judy Hacker of Bowling Green's team were injured and had to leave the game during the second half.

Team work on the Bowling Green team was exceptionally good. Marty Meyer, senior forward, played an outstanding offensive game, scoring two goals in the first half. Jan Dickson, freshman substitute forward, scored the other two goals for Bowling Green in the second half.

The team members are: Judy Lisy, Peg Vines, Beverly Faulk, Nancy Maneely, Carol Lenz, Donna Eubanks, Karen Nelson, Patay Phillips, and Misses Meyer, Hacker, Jacob, Scott, and Dixon. Team manager is Mary Hill with Miss Dorothy Luedtke, instructor in health and physical education, serving as coach.

## Ruggiero Sparks 21-7 Falcon Win Over TU

Behind the slick quarterbacking of Tony Ruggiero and powerful running of Bob Davis, Don Lisbon, and Terry Lyke, the Bowling Green yearlings defeated the Toledo frosh 21-7 last Thursday night at Toledo.

With little more than four minutes left in the first quarter, Ruggiero led the Falcons 45 yards to paydirt in a series of 12 plays. Lisbon picked up nineteen yards in the drive, including a five-yard dive over left guard for the six points. Dependable Mario Gerhardt, the freshman barefoot place-kicker, added the first of three PATs for a 7-0 lead.

The Rockets broke into the scoring column late in the second quarter with Frank David rambling seven yards over left guard for the score. Setting up the score was Frank Baker's recovery of Charles Young's fumble on the TU 45. Steve Cole scampered thirty-two yards and Ben Henning's pass to Jim Thibert for seventeen yards led to Toledo's score. Bob Stevens kicked the extra point to tie the score, 7-7, with 4:30 left in the first half.

The Falcons scored their second touchdown with just 1:30 remaining in the half. Ruggiero returned the kick-off to the BG 34. Five running plays moved the ball to TU's 40. After Lisbon was held for no gain, he was hit by Ruggiero with a 40-yard touchdown heave. Gerhardt added the extra point to make the half-time score 14-7.

The third quarter was scoreless, but produced some hard-fought football. Both teams had scoring chances stopped by stubborn defenses.

BG's third TD came in the last quarter, with Lyke sweeping right end for 30 yards and paydirt. Gerhardt's kick was good, making the score 21-7. Gary Sherman intercepted a TU pass on the Toledo 40 which set up that tally.

Bowling Green gained 244 yards on the ground and 112 yards via the passing lanes for a total of 356 yards. Ruggiero was the outstanding player of the game, gaining 21 yards rushing and completing six out of 10 passes for 101 yards.

Davis was BG's leading ground gainer with 53 yards in 14 rushes. Lisbon had 50 yards in 15 trips.

Toledo picked up 154 yards rushing and 83 through the air for a total of 237 yards. Steve Cole was tops with 91 yards.

"This was by far our best game of the year," remarked Jim Young, frosh head coach. "The team finally jelled."

The Falcon yearlings now have a record of 2-2, with both wins over Toledo, and losses to Kent State and the University of Detroit. Toledo's record is 1-2. Their only win was at the expense of Western Michigan.

Bowling Green's next home encounter is against Western Michigan this Thursday.

Going after their second win in a row and their third of the season, Bowling Green's yearlings encounter the Western Michigan eleven at 3 p.m. Thursday in the stadium.

Coach Jim Young plans to use basically the same line-up that started against Toledo. The only change will be that Roger Williams will start at one of the end positions.

With the improvement of Tony Ruggiero at quarterback, who completed six of 10 passes for 101 yards last week, and the running of Bob Davis, Don Lisbon, and Terry Lyke, the little Falcons go into the game primed and ready. Last week, the yearlings held Toledo to 154 yards rushing while they accumulated 244 yards themselves. They outpassed the Rockets, 112 yards to 83.

At present, the Falcon frosh have a 2-2 record, having beaten Toledo twice, 6-0 and 21-7. Their losses came at the hands of Kent, 13-3, and Detroit, 26-7.

**Press Club**—Will meet 7 p.m. Thursday, Nov. 5, rec hall, Administration Bldg. Tom Pastorius, staff writer for the Columbus Citizen, will speak on "Sports Reporting For Big Papers." Open to everyone.

# National Defense Act Provides Financial Aid

By BILL KOPPER

Bowling Green State University, one of nine northwestern Ohio colleges sharing about \$1.5 million in student loan funds under the National Defense Education Act, will receive the largest portion of the 1959-60 allocation granted to schools in this area. A total of \$140,434 has been awarded to the University for the current academic year. Next highest allotment to an area school went to Ohio Northern University, with a grant of \$47,695.

Now in its second year, the loan program provides nine dollars of federal money for every dollar raised by the school. To date, 450 students have taken advantage of this program at the University, according to Robert E. McKay, student financial aid counselor. The loans granted to these individuals for the academic year 1959-1960 range from \$200 to \$1,000.

According to Mr. McKay, the loan program has been well received. However, he stated that a great many students are not aware of the federal money available to them under the provisions of the 1958 Act.

## Qualifications

To be eligible for a loan, a student must be enrolled on a full time basis, which means a minimum semester hour load of at least 15 hours. A student must meet the following qualifications:

He must be in need of the amount of the loan to pursue a course of study at the institution.

He must be capable of maintaining good standing in such course.

He must have been accepted for enrollment as a full-time student, or, if already attending an institution, be in good standing and in full-time attendance as an undergraduate or graduate student.

The act states that special consideration is to be given to students with a superior academic background who express a desire to teach in elementary or secondary schools, or are majoring in science, mathematics, engineering, or modern languages.

No student may receive more

than \$1,000 in any year, or more than \$5,000 in the aggregate. Each individual loan will be reviewed on the basis of apparent need and merit, with due consideration for the special major areas mentioned above.

## Repayment

Beginning one year after the borrower ceases to pursue a full-time course of study at the University, the repayment of the loan begins, and ends 11 years thereafter. The rate of interest on a loan is three per cent on the unpaid balance beginning with the date on which repayment of the loan is to begin.

The borrower may, however, accelerate his repayments. Up to one half of any loan is cancelled for service as a full-time teacher in a public elementary or secondary school in a state, at the rate of 10 per cent of the amount of the loan for each complete academic year of such service.

Application blanks for students desiring such loans are available in the Student Financial Aid Office in the Administration Building. The application form must be complete in every detail. The omission of detailed information may delay consideration of a loan application or may lead to adverse consideration.

The information stated on the application will be held in strict confidence, but complete information is needed in order to give each case a just and equitable review.

## Parent's Signature

Under the statutes of the State of Ohio, a person is not legally responsible for a debt until after he is 21. In the event that an applicant has not yet become 21, it is necessary that the applicant's parent's or guardian's signature appear on the application in addition to his own.

Mr. McKay stated that although adequate loan funds are available, a student must prove a definite need for such a loan before it will be granted.

## 'Melodettes' Sing; Profitable Venture

That "Old Black Magic" sometimes changes fun to fortune, as the song of that name did for the "Melodettes," a trio of Bowling Green juniors. The three girls, Joyce Evans, Ruth Kigar, and Marge Simon, started singing together in their freshman year for their own entertainment.

They have appeared at various campus functions in the two years since they began singing together. They have sung at the AWS style show, fraternity houses, closed formals, and in the Carnation Room.

Not only has it been fun for the girls, but it has snowballed into a profitable venture. They are frequently invited to perform for different off-campus groups.

The girls said they have three bookings in the near future, but their big plans are for a trip to Colorado this summer. The trio is planning to break into professional night club work.

**CONGRATULATIONS**—to Anne Potoky, '58, and Richard Weaver '58, who were united in marriage Sunday afternoon in Prout Chapel. Miss Potoky left her positions as coordinator of student activities and Union director to continue graduate school study. Mr. Weaver is presently serving as coordinator of student activities.

## Phys. Ed. Faculty Attends Fall Meet

Five faculty members of the women's division of the physical education department will attend the Annual Fall Conference of the Ohio College Association, Women's Physical Education Section, today, Saturday, and Sunday at Kent State University.

Those who will attend are: Miss Gertrude Eppler, professor of HPE; Dr. Mary Watt and Dr. Agnes Hooley, associate professors of HPE; and Miss Mary Whitney and Mrs. Amy Torgerson, assistant professors of HPE.

Highlights of the conference will be a modern dance concert by the Dance Quartet of Washington, D.C.; a master dance class conducted by members of the dance quartet; a lecture-demonstration utilizing the physiological research laboratory at the university; and a banquet with an address by Miss Hester Beth Bland, consultant in health education for the Indiana State Board of Health. Miss Bland will speak on the topic: "The Relationship of Health Education to Physical Education's Focal Point this Year: Physical Fitness."

Miss Whitney is a past president of the Association, and Dr. Hooley is present secretary-treasurer.

## In Alum Circles

E. Glenn Baxter, '28, was featured recently in the "Headliner" column of the Elyria Chronicle-Telegram. Mr. Baxter was cited for his interest in civic affairs and his efforts to promote improved conditions and higher salaries for members of the teaching profession. He has been a social studies teacher in Elyria schools since 1926.

Mr. Baxter currently is recording secretary of the Northwestern Ohio Teachers Ass'n. He is an active member of the Elyria Federation of Teachers-AFL, the Ohio Federation of Teachers, Lions Club, the Lorain County Mental Hygiene Ass'n., National Council for Social Studies, and the National Council of Family Relations.

Stepped up emphasis on labor relations was the theme of a discussion between two BGSU alumni here last week. They were here as part of the University's placement service.

The speakers were Pete Sherry, '48, currently active in labor relations with the Ford Motor Company, and Jack Bickhart, '50, who is a recruiter for Ford.

They discussed the various aspects of labor relations during their talk. Both were impressed with the changes on the BGSU campus that have taken place in the past few years.

Capt. Robert L. Parks, '49, is presently serving the United States as an Air Force pilot.

Capt. Parks worked at Ochs Management of Cleveland following his graduation from the University before returning to the Air Force upon the outbreak of the Korean War.

He and his wife and two sons are stationed at Pease Air Force Base, New Hampshire.

## Cobus Hour Features Talk About Inflation

"Inflation, How Much, How Bad and Why" was the topic of discussion at last Wednesday's Cobus Hour, which was led by Dr. Jacob Cohen, associate professor of economics.

According to Dr. Cohen, many people fail to consider that, along with increasing prices, the quality of materials produced also increases. Price levels have increased approximately 2 1/2 per cent a year and, until recently, quality has increased along with them. However, in the past few years, quality has tended to stabilize, but prices have not, he said.

Unlike the preceding week's Cobus Hour, there was a lack of student participation. However, several faculty members added interesting comments to the discussion.

Several guests, all representatives of the Ford Motor Company, were present. They included Jim Osborne, Pete Sherry, '48; John Sterling and Jack Bickhart, '50.

Wednesday's Cobus Hour discussion will be led by Lyle Fletcher, assistant professor of geography.

## Entertainment File Is Ready For Use

A listing of student entertainment acts is available to anyone on or off campus who wishes to find entertainment for a specific date.

The file is located in the Union Activities Office, third floor of the University Union, and is listed in two ways, alphabetically by names of students, and by the type of act performed.

There are approximately 50 acts listed under the categories of comedians, dancers, instrumentalists, magicians, masters of ceremonies, novelty performers, pianists, quartets, trios, singers, and others.

Anyone who did not audition at the Union Activities Organization Talent Night may sign an audition application in the UAO Office. There will be another auditioning night in the near future. The entertainers will appear at the weekly Carnation Room programs, fraternity smokers and rush parties, pre-dance mixers, or other parties.
